#### Playlists Video Catechism

The video catechism addresses the parts of Luther's Small Catechism piece by piece in a clear and concise manner. The pastor presenting the material uses artwork and illustrations to assist the viewer in understanding and remembering the information. The videos begin with the Ten Commandment and follow through the entire Catechism. You can view them one at a time, each is 8 to 10 minutes in length, or you can let them play to cover an entire part of the Catechism.

There are two additional playlists that address the Small Catechism **The Catechized Life** and **Small Catechism Tuesdays** that provide more insight from other teachers.

The Higher Things channel also includes play lists covering the parts of our worship service, called **Worship in a Nutshell**, apologetics – the defense of the faith and an overview of the Bible, called **Bible 101**. These and more are available on the channel and are very helpful resources for developing and nurturing our life in the faith.

For additional study in the Large Catechism, the playlist **The Largely Catechized Life** give insight into what Dr. Luther wrote there and how to apply it to life. The Large Catechism and these videos can be of great help in having the additional depth and background to aid in teaching the Small Catechism.
